### Provisions of Sales Contract:

Breeder is selling a show quality cat/kitten with show rights. Breeder cannot guarantee the show success of the cat/kitten sold. This cat/kitten is a good representative of the breed. But show successes are dependent on outside factors beyond the Breeder's control; including but not limited to competition, grooming, condition, health, and maturity.

Buyer is contracted to provide a lifetime home for this cat/kitten. Buyer will contact the Breeder immediately if the Buyer is unable to keep this cat/kitten. **This cat/kitten will be returned to the breeder** at the earliest opportunity or with advance, express written consent from the Breeder, placed in another home. The cat/kitten may not be placed as an unaltered cat in another home. Under no circumstances will this cat/kitten be sold or given to animal control, rescue group or shelter, humane society, pet store, research lab, or be abandoned.

This cat/kitten will be kept well nourished, clean, healthy, free of parasites, free of stress and harassment. The Buyer will keep the cat/kitten indoors in their home, in a sanitary environment of sufficient room and space. The environment will be free of hazards, safe, secure and temperature controlled. Not subject to unnecessary confinement.

Buyer agrees to neuter this kitten by nine months of age.

This cat is not to be bred.

This cat/kitten is not to be declawed.

Under no circumstances will the Buyer permit this cat/kitten to roam freely outdoors. This cat/kitten will be kept **strictly indoors**.

Return Policy:

The Buyer may return the cat/kitten to the Breeder for any reason within 7 days of purchase. 100% of the purchase price will be refunded, payable on resale. Following that period, refunds will be at the breeder's discretion and will not exceed the resale price, payable upon resale.

Breeder will not pay for transportation, vet re-check fees or other costs incurred by the Buyer for this cat/kitten or for any replacement cat/kitten. Buyer will provide at their expense any necessary health certificate and a new FeLV/FIV test, dated within three days prior to returning the cat.

Breeder reserves the right to refuse the return of a sick or infectious cat/kitten until the cat/kitten is well.

Any cat/kitten taken back by the Breeder because of breach of contract will not be subject to the above stated refund policy.

## HEALTH WARRANTY

Buyer is required to have a licensed veterinarian examine the cat/kitten within two working days of delivery in order for our health warranty to apply. If the veterinarian, upon examination of cat/kitten, determines that illness was present prior to sale, the Breeder must be notified before treatment is begun. In the event of a dispute the Breeder reserves the right to have the cat/kitten taken to another veterinarian of the Breeder's choice for a second opinion, for which Breeder will pay the cost. This second opinion will be the deciding diagnosis. Buyer will pay all transportation costs for the return of the cat/kitten. The Breeder will not be liable for any medical costs associated with the cat or kitten that the Buyer incurred. Breeder's liability to the Buyer shall not exceed the purchase price of this cat/kitten. Should the Buyer elect to keep the cat or kitten in lieu of returning the cat for a refund, the Buyer retains all liability for costs incurred by this cat/kitten.

If the cat/kitten should die from an illness present prior to sale, the Breeder, at the Breeder's option, shall replace said cat/kitten with one of equal value (when available) or refund the purchase price. Should this cat/kitten die of any genetic or congenital defect before one year of age the Breeder, at the Breeder's option, agrees to provide a replacement kitten (when available) or refund the purchase price. This must be confirmed by a written necropsy report, including toxicology and histology reports from an established pathology laboratory. Buyer is responsible for all costs associated with the exercise of this clause.

Should a defect in the cat/kitten develop or arise after leaving the Breeder's home, which would disqualify said cat/kitten from being shown, Breeder shall (if said cat/kitten has **not** been bred) replace (when available) the cat/kitten or refund the difference between purchase price and current pet price. Said defect must be documented by a veterinarian and the cat/kitten altered without having produced viable kittens. Buyer must notify Breeder immediately of any genetic defect that arises throughout the life of this cat.

This cat/kitten will be fully vaccinated at the time of delivery. **No additional vaccines will be required.** Any additional vaccines will render the Health Warranty null and void. Breeder does not recommend and highly discourages the use of FeLV or FIP vaccine. The use of these vaccines will render the Health Warranty null and void.

Breeder requests that the Buyer isolate the new cat/kitten from their other cats and kittens for a period of 21 days. Breeder is not liable for any illness or injury to other pets caused by exposure to this cat/kitten. Please note new kittens may show signs of stress including, but not limited to, sneezing, discharge from the nose or eyes, diarrhea and/or constipation. These symptoms are not covered under the Health Warranty. These effects can be minimized by feeding identical food as served by the Breeder (raw diet see -- [http://www.koontucky.com/raw\\_index.html](http://www.koontucky.com/raw_index.html)) offering bottled or distilled water and overall taking measures to reduce stress during the integration period.

---

Both parties agree that electronic signature is legally binding.

If the Buyer is found to be in violation of any of these terms and conditions, Breeder retains the option to sue the Buyer in Genesee County, Michigan for breach of contract and demand immediate, unconditional return of cat/kitten to the Breeder. Any contractual dispute will be brought forth in Genesee County, Michigan. Buyer agrees to pay all court costs, traveling expenses and attorney's fees.

Deposit is nonrefundable unless sale is canceled by the Breeder. The deposit may be transferred to another litter. Payment must be made in \$USD by cash, check, wire payment, money order or PayPal. Any fees as the result of payment are the responsibility of the Buyer. Buyer understands that the Purchase price does not include the costs of shipping the cat/kitten to the Buyer (such as; carrier, airfare, blood work, and health certificate) or for individual registration.

Breeder reserves the right to refuse placement of any cat or kitten at any time.

Breeder is available to the Buyer for questions and advice.

**I AM IN FULL AGREEMENT AND AGREE TO ABIDE BY THE TERMS AND CONDITIONS OF THIS SALES CONTRACT.**
